Wave59 provides you with two real-time datafeed and pricing options:

Option 1:

Connect to your choice of external datafeeds*

Subscribe for \$99 per month

Option 2:

Connect to Wave59's built-in, institutional-quality datafeed

Subscribe for \$249 per month**

* Datafeeds supported include eSignal, PFGBest, Interactive Brokers and IQFeed. Please contact us if you do not see your preferred data feed listed

** Monthly price will also include exchange fees in addition to the Wave59 fee listed. Please see the list of exchanges and fees on the following pages to determine your total cost

Monthly Exchange Fees

The following exchange fees apply only to Wave59 PRO2 subscriptions using Wave59's institutional quality data feed.

Exchange fees are set by the exchanges and may change without warning.

*Please see page 5 to determine if you need Professional or Non-Professional version of certain exchanges.

Being a market non-professional means meeting ALL of the following qualifications:

1. I will receive market data in an entirely personal capacity for my own investment purposes and not on behalf of a company or other person.
2. I am not a market professional in ANY financial market.
3. I am not registering in any capacity with any exchange, market or regulatory agency having jurisdiction over exchanges, dealer networks or other markets.
4. I am not an investment advisor.
5. I am not a consultant, contractor or software developer who use market data for any purpose other than personal investing.

Otherwise, please register for the Professional exchanges when applicable.

Please contact sales@wave59.com with any questions.
